

PAL MAGNETON a.s.

Dear customers and business partners,

we are pleased to inform you about our participation at international Automechanika 2010 exhibition, that will take place on 14. - 19. 9. 2010 at Frankfurt Exhibition Centre, Germany. We would like to welcome you to our stand and present you the manufactured range of alternators and starters, and inform you about the future development and strategy of the company.

Our exhibition stand is located in Hall 4.1/L62 in the official joint exposition of the Czech Republic (Ministry of Industry and Trade of the Czech Republic).
